Bogdan Putiak

Front-End Developer

PROFILE

A graduate in applied linguistics seeking opportunities for development as a junior specialist. I have solid 2 years of programming experience (non-commercial), with a particular emphasis on advanced skills in JavaScript and ReactJS.

I am enthusiastic about professional development in the programming field and ready to contribute my skills to a new team. I am confident that my experience, determination, and skills align with the expectations for the position of a Junior Front-End specialist.
